DISCUSSION QUESTIONS

1. Corinth was a pretty wicked city. How would you describe it today and what city would you compare it to today?
2. Were you able to take off your title, place and position in the church and life and read this first seventeen verses listening to really what God wants you to hear and apply today?
3. Why do you think Paul said so many positive things in verses 1-9, to a church that was so messed up?
4. In your own words. What is unity? What does it look like in your family? The Church? Our world?
5. Look over this passage and count how many times "Jesus Christ" is mentioned. What does this repetition tell you about Paul's emphasis and our focus?
6. Robin mentioned about four things that will cause people to divide about scripture, what did you think about them and how has one or more of them ever affected you?
